Debtor.

DECLARATION OF MICHAEL CHECCHI PURSUANT TO LOCAL RULE 1007-2

MICHAEL CHECCHI, being duly sworn, deposes and says:

1. I am the President of OMC, Inc. (the "Debtor"), and I submit this declaration pursuant to Rule 1007-2 of the Local Rules for the United States Bankruptcy Court for the Southern District of New York.

BACKGROUND

2. Since 1986, the Debtor has been and continues to be a leading provider of subcontracting services in the commercial heating ventilation and air conditioning ("HVAC") industry. The Debtor provides several HVAC services for its general contractors, including drafting, fabrication and installation of sheet metal ductwork for commercial buildings. The Debtor principally operates in the New York Metropolitan area, and is located at 4010 Park Avenue, Bronx, New York 10457.

3. The Debtor has very experienced team of employees, currently totaling forty-four (44),

many of which have been employed by the Debtor for over twenty years. In addition, I have personally been working in the HVAC industry for over forty-one years.

4. The Debtor grew substantially from its inception up until about 2007, when the Debtor like many other companies dependent on a robust construction industry realized a substantial decrease in business. The Debtor's revenues have decreased from approximately \$25,000,000 in 2007 to \$13,000,000 in 2009.

5. Although the Debtor has been struggling to maintain profitability while weathering the severely difficult economic climate, it has made very substantial efforts to lower its overhead by cutting costs, including a portion of its workforce. These cost cutting efforts have enabled the Debtor to minimize its losses, and position itself to thrive as the economy rebounds.

6. Decreased cash flow rendered the Debtor unable to continue to pay the majority of its employee benefits, many of whom are union employees, in the ordinary course of business. From August 2007 to February 2009, the Debtor accrued approximately \$4,000,000 in unpaid union liabilities to the Local 28 Sheet Metal Workers Union (the "Union"), and an additional \$1,000,000 to National Pension Funds ("National"). To accommodate the Union, and avoid a bankruptcy filing, the Debtor made several attempts to enter into a settlement which would allow the Union to be paid on a going forward basis, with past due amounts repaid over time.

7. Nevertheless, the parties were unable to reach a viable settlement, and the Debtor was forced to file this chapter 11 case to avoid the potential irreparable harm that would result from a Union strike.

8. The Debtor intends to utilize the bankruptcy process in order to restructure and reorganize its affairs, and specifically to restructure its outstanding liabilities to the Union. To the extent possible, alleviating a large portion of the Debtor's liabilities through chapter 11 would give

it the fresh start it needs to thrive in a less robust economy.

9. The Debtor further believes that the bankruptcy process will provide breathing room from its creditors so that focus can be placed on increasing sales. With the help of counsel, the Debtor can restructure its affairs and propose a plan of reorganization that it is in the best interests of its creditors and affords them the greatest recovery possible.

10. The interests of the Debtor's creditors will best be served by the continued possession of its property and management of its affairs as debtor-in-possession pursuant to Chapter 11 until confirmation of a reorganization plan.

11. In addition to the foregoing, Local Bankruptcy Rule 1007-2 requires certain information related to the Debtor, which is set forth below.
